

SVKM's NMIMS
NMIMS – GLOBAL ACCESS SCHOOL FOR CONTINUING EDUCATION

Programme: PGDBM/PGDITM

Examination: December 2015
Subject: Project Management

Semester: IV
Course : New
Marks : 70
Time: 3.00 p.m. to 6.00 p.m.

Date: 17.12.2015

Instructions:

1. Answer to each new question to be started on a fresh page.
2. Figures in bracket indicate full marks.

Q.1) Attempt any 2 out of 4

(Marks: 2X5=10)

- a) Briefly explain what you understand by the term PROJECT
- b) State any five policy initiatives being promulgated by the Govt of Karnataka to promote Agro-food Processing Industry?
- c) What are the objectives of Project planning?
- d) What do you understand by 'Project Management Information System'. Provide relevant examples.

Q.2) Write short notes on (2 out of 5)

(Marks: 2X5=10)

- a) Four strategies for Risk Response
- b) Functional Organization Structure
- c) Market Appraisal
- d) Five stages of the UNIDO method of project appraisal
- e) Monte Carlo analysis

Q.3) Attempt any 3 out of 5

(Marks: 3X10=30)

- a) Importance of Cost of Capital in Project Selection. Explain with suitable numerical example
- b) Explain the Advantages and Disadvantages of Project Management Software
- c) Write about Policies of Central Government for Plant Location and Legal Aspects in Selecting Plant Location
- d) With the help of any suitable example, explain the Net Present Value (NPV) Method to assess the profitability of a project. What are its advantages?
- e) Write a note on Estimating the Cost of a Project. Discuss those areas where an Organisation needs to spend while starting a new project.

2.4) Attempt both the questions

(Marks: 2 x 10 = 20)

a) In the past five months, the demand pattern of a project is as follows:

Month	1	2	3	4	5	6
Demand (in lakhs)	15	17	21	25	29	32

How do you estimate the demand for the month 7 using a two-month moving average? Also, find the forecast for the month 7 using exponential smoothing with a smoothing constant of 0.8. Which one do you suggest and why?

b) W Edwards Deming was an American scholar. He advocated that the management has a great responsibility at an individual and at organization level. According to him, the management was responsible for 94% of quality problems. He gave a 14 point plan in his book *Out of the Crisis*, that can be applied to any kind of organization belonging to public, private or service sector. Mention and briefly explain any of these ten points
