& Assistance**

## CREATING YOUR BEST VERSION

NMIMS Global Access brings you '**Career Services**', a unique offering for alumni & students of NMIMS Global Access who aspire to **fast-track their success story**.

In the current competitive market, planning your career can be an overwhelming individual pursuit often creating a strain on your resources. Partnering with Career Services would provide you a holistic supported environment to effectively plan your growth trajectory. Career Services will not only help you achieve your ambitious professional goals but it will also **nurture you into an all-round professional with strong technical as well as empathetic skills**: both imperative to success in today's businesses.

## DESIGN YOUR FUTURE

The program has been designed with an intention to unearth the existing potential in you, to assist you in strengthening areas that need improvement & then to provide you with career opportunities based on your aspirations and specific skill-sets. You can choose from Career Development and Career Assistance or choose both to empower yourself with a highly **specialised career excellence system** that will act as your guiding north star.

### Career Development

This career enrichment **program focuses on analysing your career, defining your career goals and developing the skills** required for personal growth as well as for the desired career path.

### Career Assistance

Exclusively **designed to identify the right work opportunities** based on your career goal.

### Career Development & Assistance

This wholesome program provides you with **career advancement services**, ranging from defining career goals to developing necessary skill-sets.

# BUILDING BLOCKS

## 1. Career Forum

It includes **12 live webinars curated by career experts** with the intention to provide you with broad knowledge on how to build your career path, featuring building professional presence, managing perceptions at work, building a good resume, and leveraging social media for career growth.

## 2. Learning Portal

With a huge library of over **3500 e-learning modules**, our learning portal guides you in evaluating and identifying areas that have scope for development and providing you with the right modules on soft skills for your personal growth.

## 3. Career Counselling

This is a **one-hour long customized guidance session** with career experts to **define your career goals** and then **create a career growth strategy** based on them, which is followed by guiding you in building your resume, cover letter, and LinkedIn profile.

## 4. Practice Interview Session 1

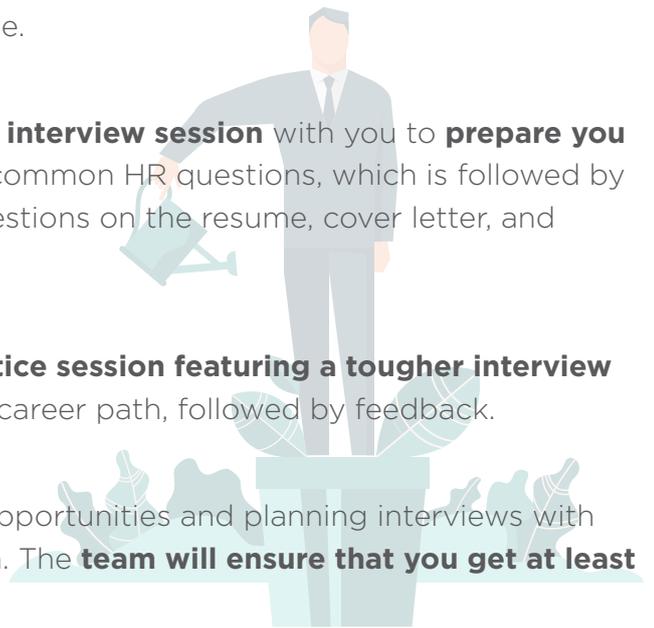

This is a one-to-one, **30 minutes personalised practice interview session** with you to **prepare you for tough interviews** and guide you on how to handle common HR questions, which is followed by 30 minutes feedback on the interview along with suggestions on the resume, cover letter, and LinkedIn profile.

## 5. Practice Interview Session 2

This will be the second round of the **personalised practice session featuring a tougher interview** and **focussing on the functional expertise** as per your career path, followed by feedback.

## 6. Job Search Support

A designated team will work towards recognising job opportunities and planning interviews with preferred companies for you based on your career path. The **team will ensure that you get at least 3 job opportunities, with a hike of 10%-30%**.

## TESTIMONIAL

The Career Development and Assistance Program by NGA-SCE really helped me get several steps closer to my short and long term goals. Through their practice interviews and feedback focused on quality, I was able to understand my strengths and weakness a lot better. Now I feel assured about achieving leadership and managerial roles in my career.

-Aishwarya Banmeru

I want to peruse a career in the construction field, with an aim of reaching managerial roles in the future. With in-depth feedback on my CV and the practice interviews, I feel this program has put me on the fast-track towards my goals!

-Arkadip Mondal

The program has been more than effective for me. It helped me find gaps in my knowledge, gave me quality insights on self development and methods of professional growth, and also to better understand the pros and cons of the domain I am looking to move into.

-Pratik Tiwari
